### News From The President:

Happy New Year to our SAME Family. We hope you all had a very successful 2007 and a merry Christmas. We look forward to another exciting year for the Huntington Post. I took the time to review the SAME mission, vision, and values as a means to help me focus my efforts. Continuing the promotion of relationships between public, private, and uniformed engineers and related professionals in support of national security remains a priority. We are hosting the 2008 Regional SAME conference in August with a theme of Managing Risk; and this event along with our program throughout the year will provide solid opportunities to advance our partnerships.

It is great to be part of our SAME team and I look forward to engaging with you throughout the year.

Essayons!!
